## PETROLEUM SURCHARGE INFORMATION

Increased petroleum costs have impacted every facet of our business, from the cost of carpeting, plastics, visqueens, graphic substrates, propane & diesel fuel.

While the cost of gasoline has fluctuated greatly in recent months, the costs for other petroleum based products still are at record levels. GES has enacted a petroleum surcharge to partially recover the increased costs related to petroleum.

The Petroleum Surcharge will result in a 3% increase on all services published in the exhibitor services manual with the exception of GES Logistics, which already has a fuel surcharge built into the rates. These charges will be shown as a separate line item on your GES invoice.

GES thanks you for your continued support and patience during this critical time.
